HOUSING COUNCIL'S
ANNUAL AWARDS**

The Best of 50+

Emulating late 19th-century English Arts and Crafts design, this foyer welcomes guests to the Cumbria model at Windermere on the Lake in Stamford, Conn. An interior window flanks the staircase, drawing light from the adjacent family room into the triple-height foyer. All the homes at Windermere have extensive bays of casement windows that capture views of the park-like surroundings. For inspiration, architect Roger Bartels looked to the work of C.F.A. Voysey, a leading architect of the Arts and Crafts movement in England.
